ABOUT US

Welcome to **Sonia Enterprises**, a name synonymous with quality and trust. We are a leading manufacturer of **LDPE and LLDPE granules**, and **Tarpaulin** products, committed to delivering excellence in every product we produce. Our journey began **40 years ago**, with a vision to create a cleaner and greener environment. We started as manufacturers of **Garbage Bags** and **ACP Granules**, products that were designed with the utmost care and precision, keeping in mind the needs of our customers and the environment.

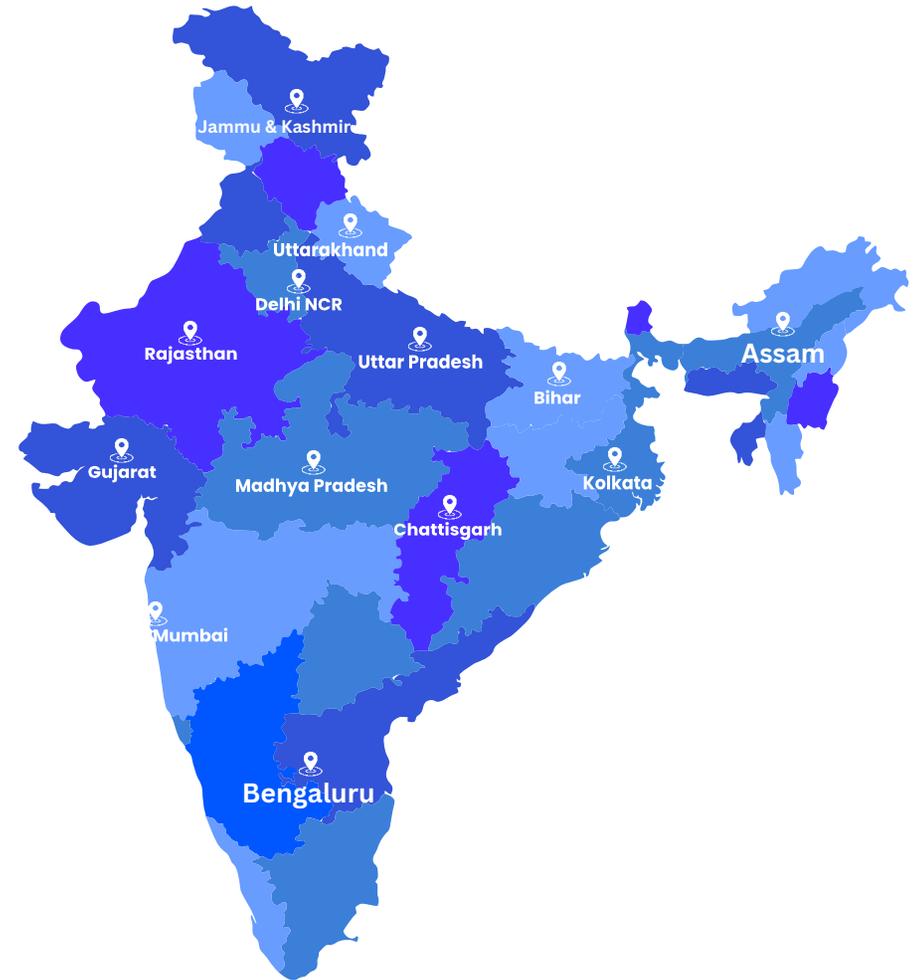

At Sonia Enterprises, we believe in continuous learning and growth. Our evolution from manufacturing garbage bags and ACP Granule to LDPE and PP granules, and tarpaulin is a reflection of our adaptability and eagerness to embrace change.

Our four-decade-long presence in the industry stands as a testament to our unwavering commitment to quality and customer satisfaction. We take pride in our rich history and look forward to a future filled with more opportunities to serve you better.

Thank you for choosing Sonia Enterprises. We promise to continue delivering products that you can trust, now and always.
